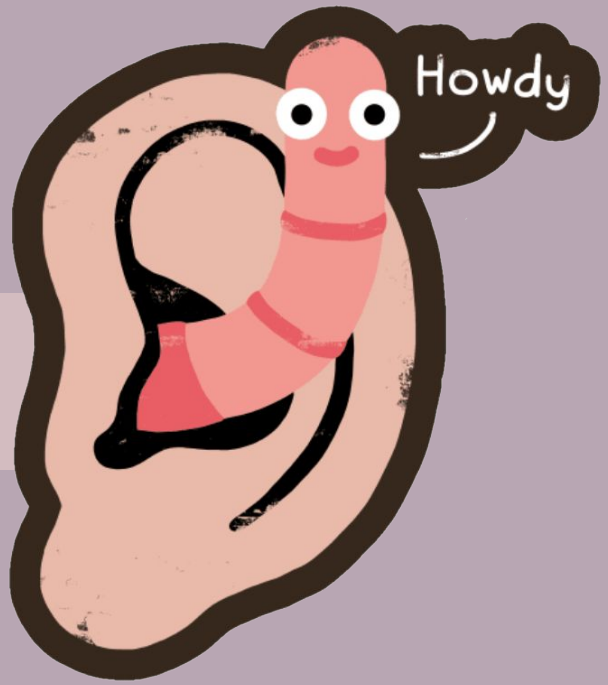
Earworm Extractor

Elevator pitch



Concept

- Description
- Motivation for development
- User story

Process

- Technologies used
- Breakdown of tasks and roles
- Challenges
- Successes

[Demo]

Directions for Future Development

- **lyrics** could be printed to the page rather than url
- **Links** to spotify etc could link to the found song specifically
- **sudoku** could have dynamic styling to alert you if you have made a mistake and could give you mini-text options in the corner for the harder puzzles
- Song **search** could be better quality/more accurate
- Addition of song **recommendations** - could be tailored to the song/genre
